Port of Spain,  
Trinidad  
1 (868) 354-4544

## PROFESSIONAL SUMMARY

A hardworking and passionate university graduate, eager to learn, develop skills, and become an indispensable part of the team. Brings experience in data analysis, cloud computing, database management, and financial record-keeping, web development, software design, software documentation, and software testing. Demonstrated ability to produce research-driven reports, streamline processes, and deliver accurate data insights. Adept at working in fast-paced environments and contributing to cross-functional teams.

## EXPERIENCE

Central Bank of Trinidad and Tobago - Statistics Department (BOP Unit)  
Intern | Jun 2024 - August 2024

- Analysed direct investment liabilities in Tobago and produced a comprehensive report on technological solutions for data collection and analysis.
- Investigated carbon footprint and data collection methodologies of global banks to support sustainability research.
- Managed and validated datasets using Excel and FEDM/FAME, ensuring high data accuracy and integrity.

Norman Gabriel Limited Insurance Brokers  
Finance Assistant (Intern) | Dec 2022 - Jan 2023

- Completed monthly bank reconciliations, ensuring financial records were 100% accurate.
- Organised and maintained over two months' worth of corporate records/files, improving retrieval efficiency.
